OFFICE OF THE MUZRAI COMMISSIONER,
IN MYSORE,

Dated, Bangalore, 30th August *193 4.*

19.

Mcy 91-34-1

FROM

N. MADHAVA RAO, ESQ., B.A., B.L.,
Muzrai Commissioner in Mysore.

PRIVATE SECRETARY. 7 MAR 1934

To

R. Ranga Rao, Esq., B.A., B.L.,
Chief *Secretary to the Government of His Highness the Maharaja of Mysore,*
Bangalore *Department.*

SIR,

Restoration of Sarvamanya Kataghatta tank in Mulbagal Taluk, belonging to the Sri Anjaneyaswami at Mulbagal.

I have the honor to forward herewith the file of papers noted with correspondence ending with letter No.M.Rest.20/33-66 dated 8-8-1934 from the Deputy Commissioner, Kolar District, on the above subject and to state as follows:-

2. Sanction was accorded in this office No.M.1164/33-39 dated 19th February 1929 to restore the tank in the village belonging to the Sri Anjaneyaswami temple at Mulbagal, according to the estimate for Rs.3878/- prepared by the Public Works Department and to meet the cost of the work from the funds of the temple.

3. The Deputy Commissioner now reports that an estimate for Rs.994/- for maintenance and repairs only was countersigned by him and sent to Public Works Department in 1930. The work was not executed and the Deputy Commissioner has submitted a fresh estimate for Rs.3654/- for restoring the tank prepared by the Public Works Department, and requests that sanction of Government may be obtained thereto, the cost being met from the funds of the temple. The proposal is agreed to by the Dharmadarsis.

4. It is reported that there are no Government lands under this tank and that the raiyats have agreed to pay a contribution at Rs.30/- per acre aggregating to Rs.1500/- in ten annual instalments. Subject to the adjustment of the raiyats' contribution, the entire cost of restoration has to be met from the temple funds which has a sufficient cash balance at its credit besides Rs.1500/- in 5% bonds. I request that sanction of Government may be obtained to the estimate and to meet the entire cost from the funds of the temple in the first instance.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Letter No.A9-Rest.26/32-33 dated 6-8-34 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

Restoration of Tataghatta Nadampalli Tank - Mulbagal Taluk.

With reference to your letter No.1110/33-34 dated 6/8-6-1934 calling for certain particulars on the above subject, I have the honor to state as follows:-

The question of restoring the above breached tank situated in Sarvamanya Tataghatta Nadampalli village endowed to Sri Anjaneyaswami temple at Mulbagal was under correspondence for a long time. The tank has an atchkat of 47 acres 13 guntas assessed at Rs 274-8-0. During the year 1929-30, two estimate were got prepared by the Public Works Department; one for R. 1,023/- for the maintenance work of the tank and another for Rs 2,994/- for repairing the breach. These two estimates were countersigned in this office and sent to the Public Works Department for further sanction.

A sum of Rs 3,878/- as detailed in the margin has also been deposited

Rs 2,000/- on 22-4-32 " 1,878/- on 4-6-32 credited to 17 a P.W.Deposits in Mulbagal Taluk Treasury.	with the Public Works Departme from the funds of the institut

towards the cost of these work (vide Muzrai Commissioner's No.D1 Dis.193/30-31 dated 27/31-3-1931) after selling the bonds held by the institution as per Muzrai Commissioner's No 1164/28-29 dated 18/19-2-29. When these estimates were sent to the Super ending Engineer by the Executive Engineer, Kolar Division, for sanction, Superintending Engineer asked for the preparation of a restoration proje the two repair estimates were of no use to the tank.

Upon this a Restoration Project was got prepared for Rs 5,834/- (R. 5 as now stated by the Superintending Engineer) and it is this estimate th now recommended for sanction.

I also inspected the tank last month along with the Executive Engi Kolar Division, and find by spot inspection that the restoration project the proper one to be taken up. I, therefore, recommend that sanction of Government may kindly be obtained to incur expenditure to an (approximate) extent of Rs 4000/- from the temple funds for the restoration of the tank.

The ryots under the jodi tank are also liable to pay their contributio just in the same way as ryots under the Government tanks and they have given a mutchalika dated 22-7-34 agreeing to pay a contribution of R. 30/- per acre in ten annual instalments which will roughly amount to R. 1,500/-. This amount will have to be advanced by the Public Works Department either as an advance for restoration as in the case of Government tanks or if that is not possible it may be treated as a Land Improvement Loan to the inamdar (the

Sri Anjaneyaswami temple under Government management). A stamped mutchalika will be obtained as soon as the work is sanctioned and before the work is started. By this it will be seen that the work can be carried out with the funds already deposited with the Public Works Department supplemented by the sale proceeds of waste lands under the tank which has an extent of 9 acres 31 guntas of wet under it.

As regards the increase of revenue that would accrue to the temple by the project, it may be stated that the waste lands under the tank i.e. 9 acres 31 guntas assessed at Rs 55-4-0 will certainly come under cultivation by the improvement of the tank and this amount will be an extra revenue annually.

As the tank has been breached, a sum of Rs 100/- (approximately equal to ½ the assessment) is now being remitted now, and this amount will be an income after the restoration of the tank. The total increase of revenue by the present work may be taken as R 150/- from both the sources noted above. The income capital investment of R 4,000/- from the temple funds works out to nearly 4 per cent. and deserves favourable consideration.

The connected records and all the three estimates are enclosed in the file for perusal and for obtaining early orders in the matter.

There is a balance of R 1276-10-1 at the credit of the institution at the end of June 1934.

Tirtagiria Nadumpalli Tank belonging to Sri Anjaneya Swami temple at Mulagal at a cost of Rs 3878/- as estimated by the P.W.D, the work has not executed that the D.C. Kolar Dr, has now therefore sabd a fresh estimate for Rs 5834/— for restoration the tank ~~for the said work prepared~~ prepared by the P.W.D, and recommends that as there are no Govt lands under the Tank and as the raiyats have agreed to pay Contribution at Rs 30/- per acre aggregating ~~Rs~~ Rs 1500/- in ten annual instalments, Sanction may be accorded to the estimate for Rs 5834/— for the work in question as proposed by the D.c. Kolar Dr, the cost being met from the Temple

as the opinion of the Superintending Engineer to whom the estimate was submitted by the Ex. Engineer Kolar Dr this amended estimate for restoration was not good & the estimate asked for a fresh preparation of a restoration project,

as he is also of opinion after inspecting the spot that the restoration project is the proper one to be taken up.
